

I am writing to urge you to REJECT NAB's PETITION 04-160. I travel throughout Florida for my job, and it takes me to Tampa, Orlando and West Palm Beach fairly often. Without XM radio's traffic, I would not have access, because I don't know local radio stations to check for the information, and searching for them while driving would be dangerous.

Secondly, I am paying for the service, so I ought to be able to obtain it where ever I wish.

In my local area, Jacksonville, I still listen to the local AM radio station all morning for the local traffic, weather and programming, and only switch to XM when I would normally switch to tapes or CDs. So at least in my case, the XM does not even decrease my radio listening time.

Thank you for your time and attention. Again, I urge you to REJECT NAB's petition.
